

Riparian Tree Plantings & Natural Park Maintenance

Local youth planting native riparian trees at Hagginwood Park in the Year 2000 (Arcade Creek is the Park's Southern Boundary). This planting and the allied creek cleanup were also sponsored by the Sacramento Parks & Recreation Department, the Sacramento Area Flood Control Agency (SAFCA), and a Community Action Grant from the Sacramento Stormwater Management Program.

Community Volunteers at this Local Neighborhood Tree Planting

More of the community cross section of 100 plus local citizens participating in the tree planting is shown here.

Young and old at work planting trees at Kenwood Oaks Park (Hagginwood Creek flows through this new park, note also new retention basin to prevent home flooding downstream)

Local riparian natural area maintenance at a small private heritage oak park
